

# Air Charter Services

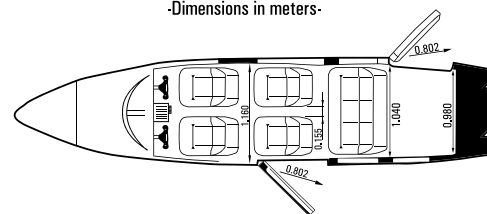

## Leading... where others follow

For 11 long glorious years TAAL has been the partner of choice for those seeking the ultimate in Air Charter Solutions. Whether traveling for business or pleasure, there's no better way to travel than with TAAL charters. No more queues, no more waiting for connecting flights or baggage – no more hassles! Feel special... for its not just the professional operation of our Business Jet and twin - piston aircraft that puts us at the forefront of the Charter Industry but also that special personal touch.

We currently offer a **Cessna Citation CJ2+** Business Jet with long range capability upto 1613 nautical miles without fuel stop, at cruising speed of 418 kts (774 kmph) and a fully equipped cabin layout that offers 6 executive seats and a separate toilet area. We also offer **P68C**, 4/5 seater twin-piston engine aircraft capable of operating from semi-prepared airstrips thereby making the inaccessible... accessible!

-Dimensions in meters-
